

We are super excited to begin Dance classes at Level Up Learning Zone this semester! We usually have a Christmas Celebration Video Showcase in December; however, the students will not have time to prepare for it this year since Level Up began late in the semester . If you see any information on our website regarding the Christmas Celebration Video Showcases for other schools, please disregard.

In December, we will be stopping by practice to take some pictures and short videos to give you a sneak peek at what your child has been learning so far!

We will have a formal Spring Recital and we look forward to seeing your child perform on stage in May. We will begin sending information about the Spring Recital towards the end of February!

We are grateful for the opportunity to teach your child this year!
